

Active Pharmaceutical Ingredient (API) List

A	5-Fluorouracil	7-keto DHEA*
Acetaminophen*	Amiodarone*	Ampicillin*
Acetylcysteine*	Amiodarone HCL*	Anastrozole*
Adenosine*	Amitriptyline*	Argatroban***
Alprostadil	Amitriptyline HCL*	Ascorbic Acid-UV
		Atropine*
		Atropine Sulfate*
B		
Baclofen*	Biotin*	Bupivacaine*
Benzocaine	Bivalirudin****	Bupivacaine HCL*
Betamethasone*	Budesonide-UV	Buprenorphine*
Betamethasone Acetate*	Bumetanide*	Buprenorphine HCL*
Betamethasone Sodium Phosphate*		
C		
Caffeine*	Ceftriaxone*	Clindamycin Phosphate*
Caffeine Citrate	Ceftriaxone Sodium*	Clonidine*
Calcium Chloride Dihydrate**	Cefuroxime*	Clonidine HCL*
Calcium Gluconate**	Cefuroxime Sodium*	Colchicine-UV
Carvedilol*	Chlorothiazide*	Cromolyn-UV
Cefazolin*	Chlorothiazide Sodium*	Cyanocobalamin*
Cefazolin Sodium*	Ciprofloxacin*	Cyclobenzaprine HCL*
Cefepime*	Ciprofloxacin HCL*	Cyclobenzaprine*
Ceftazidime*	Cistatracurium Besylate (Nimbex)***	Cyclopentolate*
	Clenbuterol-UV	Cyclosporine A*
	Clindamycin*	
D		
Dexmedetomidine (Precedex)*	Dexamethasone Sodium Phosphate*	Diltiazem HCL*
Deferoxamine Mesylate*	Dextromethorphan Hydrobromide*	Dipyridamole*
Dehydroepiandrosterone (DHEA)*	Diazepam*	Dobutamine*
Dexamethasone	Diclofenac*	Dopamine*
Dexamethasone Acetate*	Diclofenac Sodium*	Dopamine HCL*
Dexamethasone Phosphate*	Diclofenac Potassium*	Doxepin*
	Diltiazem*	Doxepin HCL*
		Droperidol*
E		
Edetate Calcium Disodium**	Epinephrine*	Estradiol Cypionate
Edetate Disodium**	Epinephrine Bitartrate*	Estradiol Valerate
Ephedrine*	Epinephrine HCL*	Estriol*
Ephedrine HCL*	Estradiol*	Estrone*
Ephedrine Sulfate*		Etomidate*
F		
Famotidine*	Finasteride*	Fluorouracil
Fentanyl*	Flubiprofen*	Folic Acid-UV
Fentanyl Citrate*	Fluconazole-UV	Furosemide*
G		
Gabapentin*	Gentamicin Sulfate*	Guaifenesin*
Gentamicin*	Glutathione Reduced*	Glycopyrrolate*

*Stability Indicating Method-proven to be stability indicating for common, but not all formulations. Call 888-DYNALAB with any questions.

**Titration Method- Standard sample amounts do not apply and certain actives cannot be tested in Normal Saline. Please call 888-DYNALAB with any questions.

*** Pharma required, **** Pharma and Diluent Required, UV requirements see last page.

H

Hyaluronic Acid-UV
Hydrocortisone*
Hydrocortisone Acetate*
Hydrocortisone Sodium Phosphate*

I

Ibuprofen*
Indocyanine green-UV

K

Ketamine*
Ketamine HCL*

L

Labetalol HCL*
Lansoprazole*
Leuprolide*
Leuprolide Acetate*

M

Magnesium Chloride**
Magnesium Chloride Hexahydrate**
Magnesium Sulfate**
Medroxyprogesterone-UV
Medroxyprogesterone Acetate-UV
Meloxicam*
Meperidine*
Meperidine HCL*
Mepivacaine HCL*
Methadone HCL*

N

N-Acetylsteine*
Nafcillin*
Nalbuphine*
Nalbuphine HCL*
Naltrexone*
Naltrexone HCL*

O

Omeprazole*
Omeprazole Sodium*

P

Pantoprazole*

Pantoprazole Sodium*
Papaverine*
Papaverine HCL*
Pemoline-UV
Penicillin G Potassium*
Pentobarbital*
Pentobarbital Sodium*
Phenobarbital Sodium*

Hydrocortisone Succinate*
Hydromorphone*
Hydromorphone HCL*
Hydroxocobalamin*

Iohexol**
Ipratropium Bromide-UV

Ketoprofen*
Ketorolac*

Levothyroxine*
Levothyroxine Sodium*
Lidocaine*
Lidocaine HCL*

Methohexital*
Methohexital Sodium*
Methylcobalamin-UV
Methylphenidate*
Methylprednisolone
Methylprednisolone Acetate*
Methylprednisolone Sodium Succinate*
Metoclopramide*
Metoclopramide HCL*

Nandrolone Decanoate
Neostigmine*
Neostigmine Methylsulfate*
Nicardipine*
Nicardipine HCL*
Nifedipine*

Ondansetron HCL*
Ondansetron*

Phentolamine*

Phentolamine Mesylate*
Phenylephrine*
Phenylephrine HCL*
Phenylephrine Tannate*
Phenylephrine Tartrate*
Piperacillin*
Piperacillin Sodium*

Hydroxocobalamin HCL*
Hydroxyprogesterone Caproate*

Itraconazole-UV

Ketorolac Tromethamine*

Liothyronine*
Liothyronine Sodium*
Lipoic Acid-UV
Lorazepam*

Metoprolol*
Metoprolol Succinate*
Metoprolol Tartrate*
Metronidazole Base*
Midazolam*
Midazolam HCL*
Milrinone*
Minoxidil*
Mitomycin*
Mometasone Furoate*
Morphine Sulfate*
Moxifloxacin*
Moxifloxacin HCL*

Nitroglycerin*
Norepinephrine*
Norepinephrine Bitartrate*
Norepinephrine HCL*

Oxytocin****

Prednisolone Sodium Phosphate*
Prednisone
Pregnenolone*
Prilocaine HCL*
Procaine*
Procaine HCL*
Progesterone*
Proparacaine*
Proparacaine HCL*

*Stability Indicating Method-proven to be stability indicating for common, but not all formulations. Call 888-DYNALAB with any questions.

**Titration Method- Standard sample amounts do not apply and certain actives cannot be tested in Normal Saline. Please call 888-DYNALAB with any questions.

*** Pharma required, **** Pharma and Diluent Required, UV requirements see last page.

Pentobarbital Sodium*

Pentoxifylline*

PGE-1*

Phenobarbital*

Phenobarbital Sodium*

Phenol*

R

Ranitidine*

Ranitidine HCL*

Remifentanyl*

S

Sildenafil*

Sildenafil Citrate*

Simvastatin*

Sodium Bicarbonate**

T

Tazobactam*

Tazobactam Sodium*

Testosterone*

Testosterone Cypionate*

Testosterone Enanthate*

U-Z

Ubidecarenone (Co-Enzyme Q10)-UV

Vancomycin*

Vancomycin HCL*

Vecuronium Bromide*

Piperacillin Sodium*

Piroxicam*

Potassium Bromide**

Potassium Chloride**

Prostaglandin*

Pyridoxine*

Prednisolone*

Rifampicin*

Rocuronium Bromide*

Sodium Chloride**

Sodium Thiosulfate**

Spirolactone*

Succinylcholine*

Testosterone Propionate*

Tetracaine*

Tetracaine HCL*

Thiamine*

Thiamine HCL*

Verapamil*

Zidovudine*

Zonisamide*

Zosyn (Piperacillin and Tazobactam)*

Progesterone*

Promethazine*

Promethazine HCL*

Propofol*

Pyridoxine HCL*

Ropivacaine*

Ropivacaine HCL*

Succinylcholine Chloride*

Sufentanil*

Sufentanil Citrate*

Tramadol*

Tramadol HCL*

Triamcinolone Acetonide*

Triamcinolone Diacetate*

Tromethamine*

Tropicamide*

*Stability Indicating Method-proven to be stability indicating for common, but not all formulations. Call 888-DYNALAB with any questions.

**Titration Method- Standard sample amounts do not apply and certain actives cannot be tested in Normal Saline. Please call 888-DYNALAB with any questions.

*** Pharma required, **** Pharma and Diluent Required

UV Test Requirements: -No Preservatives

-No Flavorings

-No Dyes

-No Multi-active

-No Time Studies

*Exception is Methylcobalamin

*Exception is Hyaluronic Acid and Sodium Hyaluronate.
